

Hygienic E7.3

Fully closed hygienic pallet in Euro dimensions

For many years now, the Hygienic E7.3 has struck the perfect balance between mechanical performance and hygiene requirements. Manufactured exclusively from food-grade HDPE – no metal reinforcements – this pallet has become the standard in many industries across Europe. This fully closed pallet has no cavities, making it impossible for dirt to accumulate. Very easy to clean.

Anti-slip options

- Safety Rim (- mm) as an option
- Strips topside deck
- Strips underside deck for forks
- Strips underside blocks

Technical data
